Something Quite Different for the 2024 ARPCA PVGP Driving Tour!

by Kevin Rhule

It will be here before you know it!

Have you ever wanted to take your car on the track, or enjoy great BBQ (and a cold one) after a long afternoon drive? This year you can do both on the same day. We're holding our PVGP Tour early this year to coincide with the July HPDE and picnic.

If you arrive with time to spare you can enjoy a good quick meal at Over The Bar Bicycle Café in the South Hills before we launch the tour through Western PA and a bit of Ohio. After driving some back roads, we will reach our destination, Pitt Race. Our tour group will run a couple of laps on the track (behind the safety car 😉) and then into the car corral to showcase our beauties before chowing down on a catered BBQ Dinner.

We will be utilizing the SCENIC navigation program and will have the map available to all prior to the tour. Please download the app and the emailed route **prior to the event**. If you encounter any issues, please let me know.

This will probably be the biggest participation event of the year with the BBQ, HPDE and Tour, all at the same time. **Tour cost is $45 per person and includes the BBQ. If your spouse and/or family just want to meet you at the track the BBQ is only $35 per person.**

Date
Saturday, July 13, 2024

PCA National Instructor Training

ON MARCH 23RD, 2024 ARPCA held a PCA National Instructor Training course at Pitt Race that was organized by our track chair John Rattenni, our chief instructor Mike Laffey, and PCA DE Instructor Training Consultant Ellen Beck. The last time our region held this stand-alone training was March, 2017. Last July we incorporated this training into our Driver Education event. For those not very familiar with the ARPCA Driver Education program, I will explain. Our region rents out professional race tracks and sets up events to allow our members to explore their amazingly engineered automobiles in a safe and controlled environment on a closed-course race track. Our Driver Education events rely on experienced volunteer drivers sitting in the passenger seat and teaching less experienced drivers the best and safest way around a racetrack. These events cannot function without these brave instructor volunteers.

Ellen Beck teaching the Instructor Training Class. Photo by Drake Core.

PCA offers training to these volunteers, giving them the tools needed to teach these skills. The training consists of one long intensive day with hands on and classroom activities. Seasoned instructors pretend to be new students, and the trainees test out their newly acquired instructional skills.

Allegheny Region PCA has been blessed over the years to have a corps of extremely dedicated instructors. A typical Driver Education event will have 75 students who receive classroom instruction followed by time on the track in the company of an instructor in the right seat. We require 75-80 instructors to cover our needs. Without instructor training we could end up with a serious shortage of volunteer instructors, particularly as our aging instructor corps members retire. Sixteen new instructor candidates passed the course and are now eager to start instructing for ARPCA. I would like to thank John Rattenni and Mike Laffey for organizing this needed training and also to congratulate our new instructors.

May 28th will see the Porsche Touring Crew heading north to Mercer, PA. For the first time ever we will dine at the Iron Bridge Inn, one of eight Springfield restaurant locations. The Iron Bridge, established in 1979 and located on Perry Highway (Rt. 19), is the Springfield Group's original restaurant. The restaurant's namesake bridge crossed nearby Nashannock Creek from 1928 until 2013 when it was replaced. This Inn has been a favorite in the local area and with travelers on Route 19. You may remember we have in the past had wonderful lunches at The Log Cabin Inn which also belongs to the Springfield Group. The interior offers a cozy, casual and comfortable atmosphere. The area offers easy access to a local outlet mall, two nearby state parks and many fun-to-drive roads.

Due to the size of the restaurant we have a firm limit of 26 for lunch, so sign up early if you plan to attend. Additionally, with restrictions they impose, we are going to order from a limited, fixed price ($25.00 payable on registration) lunch menu. The charge covers the meal, gratuity, and tax and includes a non-alcoholic drink. They will have an open cash bar. The details are yet to be worked out but we expect to have offerings of beef, fish, and salad(s). We will be passing the "oil can" to collect a contribution to support our 2024 charity, Tunnel to Towers Foundation.

We fully expect this event to sell out. Get your reservation in early so you can be part of the 26 at lunch.

Meet and Greet & More

by Linda Scanlon, Women of ARPCA Co-Chair

Where to go? What to do? Who will come? Will anyone come? These were the questions we were asking ourselves as we thought about organizing the third annual Women of ARPCA Meet & Greet. We agreed we needed a new venue, one more centralized for all members. We also wanted to offer more than just a Meet & Greet, something interesting that would be a draw.

Fortunately, our Erin Rattenni was spending some quality time at Sewickley Porsche and conversations led to the Women's Group and our dilemma about the M&G. "Why not have it here at Sewickley Porsche?" Well, YES, that would be amazing! And before we knew it K.C. (as in K.C. Kowalyk, Dealer Operator) not only offered us the showroom, but agreed to cater the event and have his sales and IT specialists on hand to converse with our group. One phone call from General Manger Roseanne Kelly outlined how everything would be taken care of. What a treat this would be for all of us to not have to bring anything, set up, serve, or tear down.

Now Sewickley Porsche's showroom is beautiful to begin with: bright, clean, and of course there are the cars. Roseanne along with Kat Hogan (assistant extraordinaire) created a garden party atmosphere within the showroom amongst the cars with linen covered tables accented with spring colors, and fresh flowers as centerpieces and throughout the room. And then the food! Catered by T-Bones Marketplace, there were enough choices to satisfy every palate and a dessert table which brought everyone back for seconds.

Once all had settled down for some post dinner chit chat, K.C., Dwight Woodside (Sales Manager), and Michael Blackwell (Porsche IT Pro) took the floor to talk Porsche. K.C. led off, sharing the history of Sewickley Porsche, which began as a family-owned business and continues so today. He went on to cover current and future market challenges not only for Porsche but for all car manufacturers. Dwight spent considerable time talking about electric and hybrid cars, how they operate, how they are powered, the pros and cons of ownership, improvements being made with each new iteration, and those that still need to be made. Questions covering technical and mechanical issues with current cars were addressed and answered by Michael. The dialogue with these gentlemen was truly the highlight of the evening.

The Women of ARPCA wish to thank K.C, Roseanne, Dwight, Michael, Kat and all that worked to welcome us and make this gathering one of the best by far. And as always, thank you to the women who came for this event, those who came for the first time and those who come all the time.

Sewickley Porsche went above and beyond to make our event truly special. Photos by Linda Scanlon.

UPDATE!

Der Treff

Snowshoe, WV June 28th–30th

by Kevin Rhule

Photo by Kevin Rhule.

If you are reading this after May 17th, the registration deadline has passed and we are now gearing up for the event. If you haven't made your reservation at Snowshoe, please do so right away. (You cannot participate if you haven't registered by May 17th).

I will contact attendees by email before the event to provide the SCENIC app routes (for iPhones) and GPS routing for Android, as well as a checklist, registration & meeting info. If you don't have the SCENIC app contact me at krkrhule@gmail.com to get the lifetime discounted rate for ARPCA.

Please make sure you bring your cameras, as the drive will be both "challenging" (to take pictures sometimes!) and very scenic. Both Friday and Sunday drives are optional, so if you want to take advantage of the activities at Snowshoe, you can opt out of these. Saturday is a roundtrip route, so we will not be anywhere close to Snowshoe during the day-long drive.

We ask that you bring long-range walkie talkies as the cell coverage is nil on the routes (ask me how I know… and we will use these on future events as well). The SCENIC app works flawlessly and already been tested on these routes. The walkie talkie I recommend is Midland® - GX-T1000AZ - 50 Channel GMRS Two-Way Radio - Long Range Walkie Talkie. It runs $40 on Amazon.

Reminding you of our weekend schedule:

- Friday Afternoon: 120 miles (2.8 hours)
- Saturday All-Day (Continuous Route): 281 miles (6.25 hours)
- Sunday Morning: 162 miles (3.5 hours)

If you weren't able to register due to your summer schedule, we will run Der Treff again in the future. A longer registration period will be provided time next time (cut short due to contract issues), even possibly new destinations. As always, I am looking for your input, as well as any assistance to help us plan more routes for future Der Treffs.

Friends are the Family You Choose

by John Rattenni, *Track Chair*

John Rattenni,
Track Chair

THIS PAST WEEK we completed the first PCA National instructor training school in a very long time. It was a bit of a fire drill having to deal with herding cats (our Track members) all the while dealing with the bureaucracy which is PCA National. When I find myself juggling a lot of balls my mind always seems to wander to a place that looks beyond the chaos to find the good stuff. In this case I found myself realizing just how lucky I am to represent such an amazing group of folks. In most cases club members get together for an event and then go back to their lives. However at Track it's not like that, in fact far from it. In my past columns I've shared how my Track friends are more like family, there to help when someone is in need or offer support when someone is struggling through one of life's challenges. "My car broke down" is a call to arms. Need a favor - just ask and there is always someone there to help. Don't get me wrong, if you aren't in need they will relentlessly torture you with digs and insults as no ego is ever spared. They are truly a Band of Brothers (and Sisters).

As I was thinking about this my thoughts were drawn to the Instructor Training School. Most events hosted by the Club are lucky to get a handful of folks willing to step up and volunteer their time. Not at Track. At the recent Instructor Training School we had 17 Instructor Candidates and 20 Instructor Mentors who gave us their entire Saturday. This wasn't a track event, but rather a long grueling day of classroom and in-car training from 7 a.m. to 6 p.m. Having completed the instructor school, the graduates now get to spend weekends jumping in and out of cars being driven by other people. Instructing is very demanding and it typically results in missing out on your own track time because the student's needs come first. Not only does this group not complain, they go at it with energy and enthusiasm which becomes contagious to students and fellow instructors. As painful as this is, I can typically recruit 75-100 instructors willing to step up and help. They don't do it because it benefits them, they do it because that's what family does for each other.

With this said, let me be the first to welcome the ARPCA Instructor Training Class of 2024. In this group there were 2 father/son teams and 1 husband/wife team. We really are one big family willing to do whatever is needed to support each other.

A great turn out for our instructor training session. Photo by John Rattenni.

ARPCA Picnic
The Picnic is July 14 and we already have gotten a huge response.

Our Tour Coordinator, Kevin Rhule, has planned a Saturday drive ending at Pitt Race for the Picnic to replace the usual Friday PVGP excursion. Drivers will get a chance to get on track for a couple spirited laps followed by a Car Corral to display all the great cars. Please join us for what will be an amazing "Car Guy" event.

Pitt Race DE 101
The April event sold out. There are three more events: June 10, July 9 (women only) and September 20. If you ever wanted to get on track, this is a great place to start.

Mid-Ohio HPDE
Mid-Ohio this year will be a unique experience for old timers and new-to-track drivers. With the repaving, this iconic track will be the "GO TO" destination for 2024. Luckily for us it's only a 2-hour drive. Take advantage of the discount and sign up before you miss out on the rare opportunity to drive on a track surface as pristine as you are ever likely to find.

From here on out it will be pretty crazy, but just like when you're approaching a corner at 130 mph the advice is the same: Eyes up and Stay Focused.

Have a great summer.
